Skid Steer Loader

Heavy Duty Equipment

CAUTION

Although Heavy Duty Equipment is cool, they are **very** dangerous and must only be operated by a trained professional.

Watch for hazards!

Hazards

Hazards to watch for include construction tools, tripping hazards, holes and uneven ground, and site machinery.

Safety PPE

Personal Protective Equipment

HARD HAT

SAFETY GLASSES

CONSTRUCTION VEST

GLOVES

WORK PANTS

PROTECTIVE BOOTS

How to Cross a Construction Site

Stop, look, listen for construction vehicles

Make eye contact with worker for 3 seconds

Listen and watch for instruction

Follow directional signage

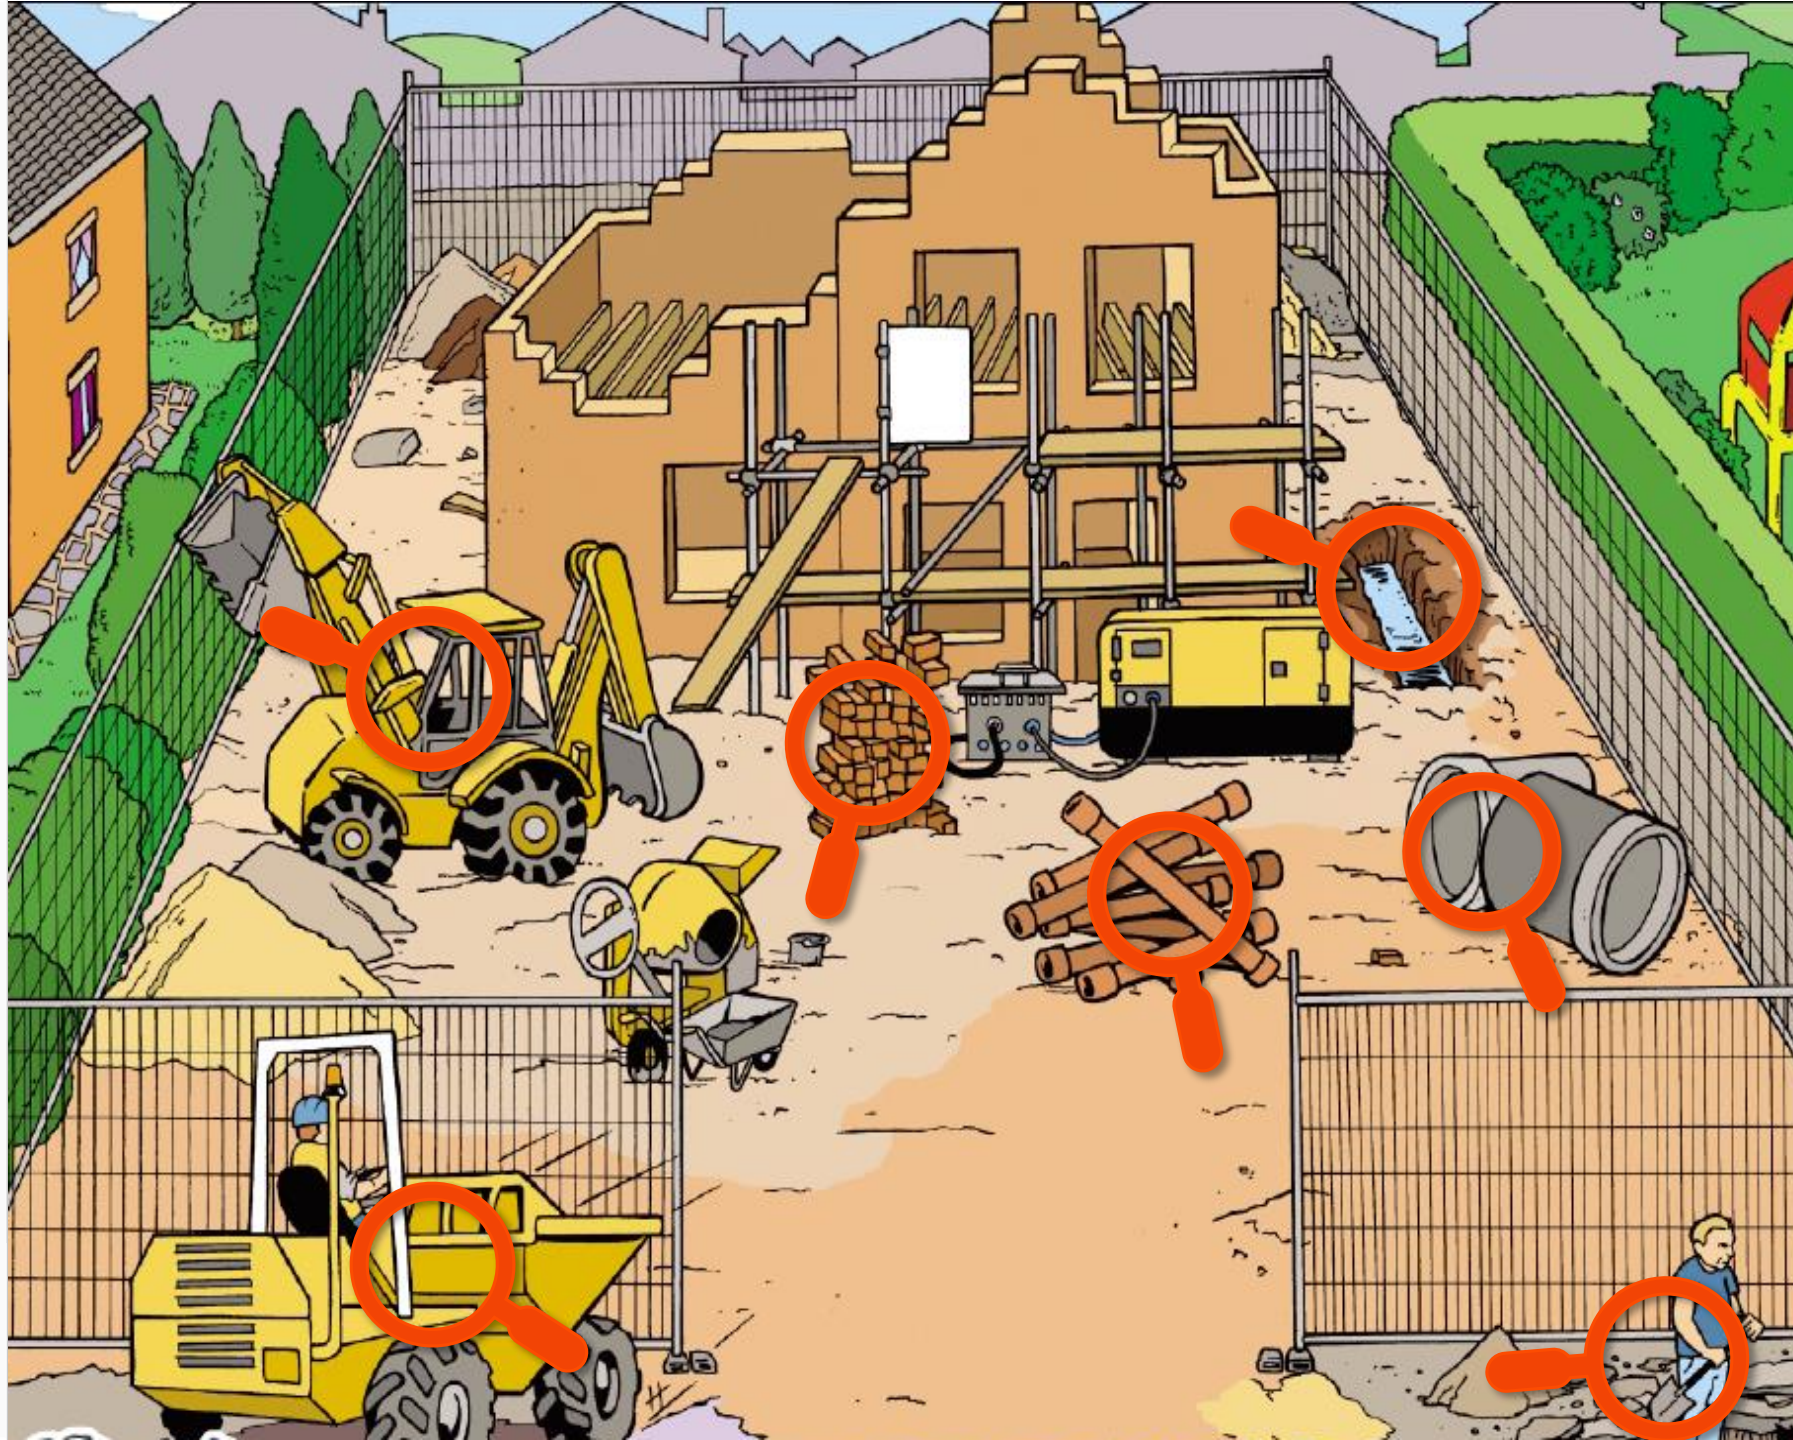

Signage

When you're around construction, watch for directional signage to guide you in the right direction. Always cross at designated crosswalks if possible.

Spot the Dangers

Fencing

Fencing is all around construction boundaries. Do not enter fencing zones as hazards will be present.

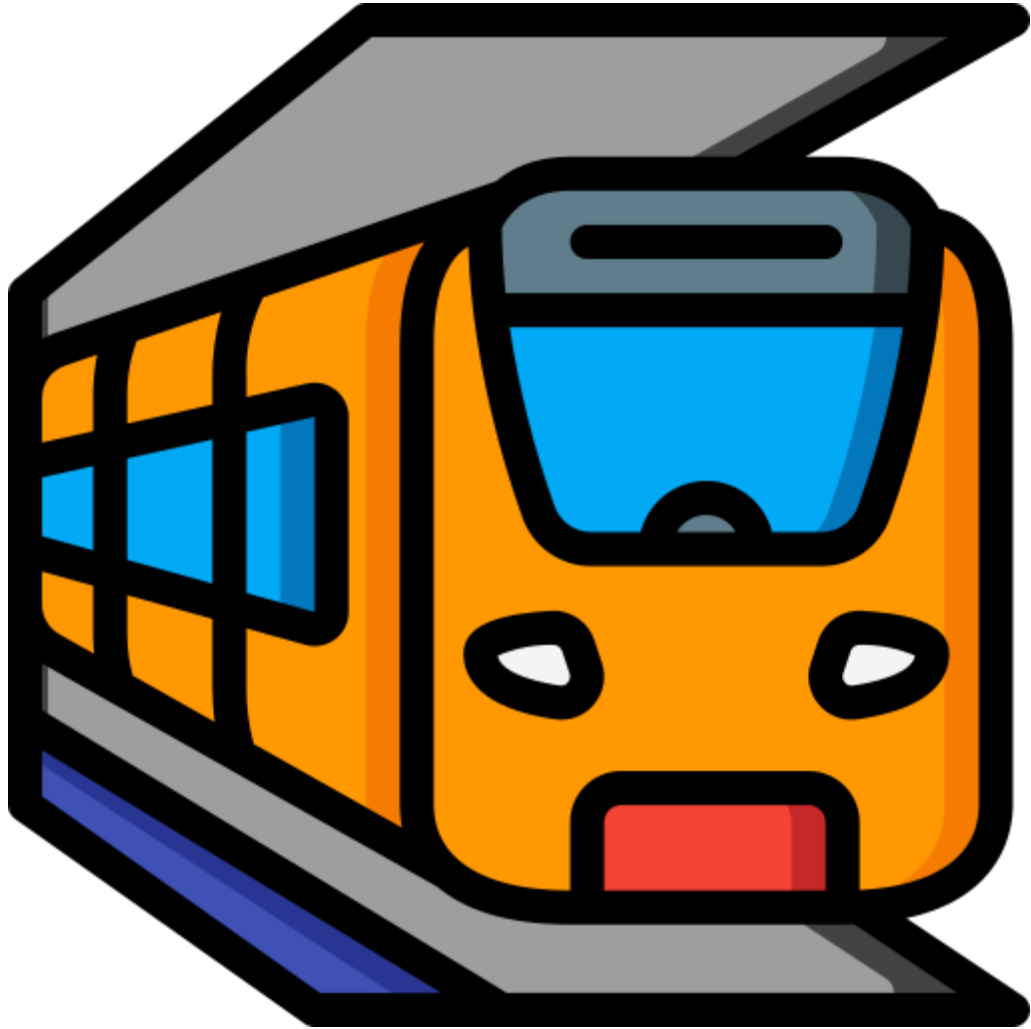

Emergencies

In case of emergencies, you can call 911
